---

On Thursday Sept. 20, 1900, when calling on Mr. A. O. D.  
Taylor, Mr. Hugh Taylor, his son, brought from the  
ice-box: 2 Black-bellied Plover, 2 Wilson Snipe, 1 Virginia  
Rail, 1 <sup>♀</sup> juv. Pigeon Hawk, 1 Greater Yellow-legs, all  
shot over decoys, on Conanicut Island a day or  
two before. He also said there were many Hawks  
and that among those seen there were a Fish Hawk,  
and a Marsh Hawk. He had also seen the Krieker  
or Pectoral Sandpiper (Tringa maculata) there.

Pail + Plover shot on Conanicut Isl. by  
Mr. Gayles.

✓ See my record book, p. 128. J. A.  
Allen's observation.
